

COREXIT AVAILABILITY – UPDATE TO MEMBERS AND INDUSTRY

Dear IOGP Members / Industry Partners

This is an important update on the manufacture of the dispersant COREXIT™.

Since our last communication, COREXIT Environmental Solutions LLC, a subsidiary of ChampionX, has announced that it is committed to continue working with the IOGP task force to continue to evaluate its support of COREXIT on an ongoing basis, which includes the product regulatory framework and registrations moving forward. **It is now extending its support for these elements on a temporary basis** after previously planning to cease support for the product line effective July 1, 2023.

The announcement is published on the Corexit website, at <https://www.corexit.com/>

Our Dispersants Task Force Portal, where all communications will be placed, is now available at www.iogp.org/df

Should you have any queries or questions regarding this matter, please do not hesitate to contact me.

Kind regards,

A handwritten signature in black ink, appearing to read 'H. Johnstone', is written over a light grey dotted line.
