Press Release

Dragon Oil to Host IOGP Summit 2024: Advancing Industry Dialogues and Celebrating IOGP's 50th Anniversary

Dubai (15 April, 2024) - Dragon Oil is thrilled to announce its hosting of the International Association of Oil & Gas Producers (IOGP) Summit on 8th and 9th May 2024. The Summit will bring together industry leaders, executives, and experts for two full days of engaging discussions, plenary sessions, and technical workshops.

With a focus on key industry topics such as safety, advocacy, energy transition, and engineering, the Summit will underscore the industry's commitment to its workforce and getting to zero fatalities via the implementation of IOGP's Life Saving Rules as well as decarbonisation pathways to achieve our collective net-zero aspirations. Attendees can expect to gain insights from executive and expert speakers renowned in their respective fields.

The IOGP Summit will feature the Association's Annual General Meeting (AGM) and kick-off the IOGP's 50th anniversary celebrations, highlighting its unique global representation and fostering dialogue among its 90-member-strong network. As the global voice of the oil and gas industry, IOGP plays a pivotal role in uniting industry expertise to address common challenges and advance sustainable practices.

"We are honoured to have Dragon Oil host the IOGP Summit 2024, bringing together industry leaders and experts to drive meaningful dialogues on critical industry topics. This summit provides a platform to showcase our commitment to sustainability, safety, and innovation as we navigate towards a low carbon energy future," said Graham Henley, CEO, IOGP.

About Dragon Oil

Dragon Oil is an international oil and gas company with an established history and strong track record across the Middle East, North Africa and Caspian regions. Dragon Oil has a full cycle portfolio with a production base of over 140 thousand bopd, and a resource base of over 1 billion boe, spanning exploration, development and producing
assets across Egypt, Turkmenistan, Iraq, Algeria and Afghanistan. The key assets in our portfolio include the Cheleken Contract Area, offshore Turkmenistan, which we have successfully developed since 2000, the recently acquired GUPCO assets in Egypt and Block 9 in Iraq, which contains early production from a significant discovery.

About IOGP

The International Association of Oil & Gas Producers (IOGP) pioneers excellence in safe, efficient, and sustainable energy supply – an enabling partner for a low carbon future. With over 90 Members, IOGP fosters dialogue and knowledge exchange, incorporating industry expertise to solve common industry problems. Our members operate in all producing regions: The Americas, Africa, Europe, the Middle East, the Caspian, Asia, and Australia.

For 50 years IOGP has served the upstream industry as a unique forum to share know-how and good practices. It aims to enhance understanding of the critical role the oil and gas industry plays in the energy transitions to a low carbon energy future.
