

IOGP Membership Fees

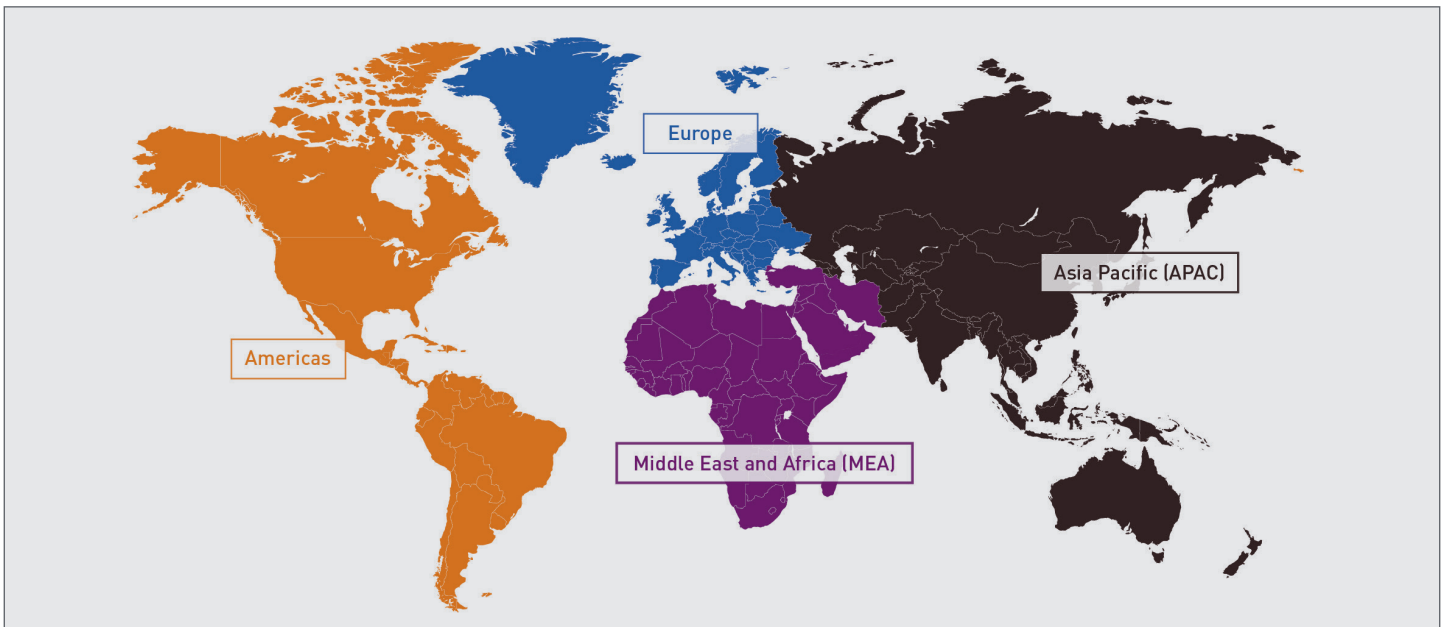

2026

Company Members

Members¹ are allocated to a **Group** according to the regions in which they have **an interest in operations** and the level of company gross equity hydrocarbon production expressed in boedpd [barrels of oil equivalent per day].

The IOGP regions are:

- 1 Americas, 2 Asia Pacific, 3 Europe, and 4 Middle East & Africa

The Production Tiers are:

Tier	Company global gross equity production expressed in barrels of oil equivalent per day (boe/d)
1	including and above 1.5 million boe/d
2	including and above 0.5 million boe/d
3	including and above 0.1 million boe/d
4	below 0.1 million boe/d

Groups are assigned according to the number of regions and production tier:

IOGP Fee Groups		Regions			
		1	2	3	4
Production tier	1	Group B	Group A	Group A	Group A
	2	Group C	Group B	Group B	Group B
	3	Group D	Group C	Group C	Group B
	4	Group D	Group D	Group D	Group D

¹ For types of Membership please refer to the IOGP Memorandum and Articles of Association.

Membership Fees

2026 Base Fee

The Global Base Fee for 2026, payable by all IOGP Members, is **£30,000** (Sterling).

2026 Global Multiplier

The Global Base Fee is then subject to the **2026 Global Multiplier**, according to Group.

Group A	2026 Global Multiplier
A	10
B	6
C	3
D	1

Associate Members

Associate Members are in Group C, regardless of global operating regions, and subject to the Group C multiplier.

In addition, a **0.5 multiplier** is applied in recognition of Associate Members' non-voting status.

Association Members

Association Members are in Group D, and subject to a **0.5 multiplier** for the Global Membership fee and a Group D (1) multiplier for the European Service Fee.

European Service Fee

The European Service Fee, payable by Members declaring an interest in Europe, is: **€55,550 p.a.** to cover the cost of running the Brussels office and its associated activity³. The European Service Fee is subject to the 2026 European Multiplier according to company Group.

2026 European Multiplier

Group A	2026 European Multiplier
A	4
B	3
C	2
D	1

Examples⁴

a) Company Member operating in all 4 regions (including Europe), with 4.3 million boe/d production.

£30,000 p.a. x 10 (Group A) = £300,000 p.a.

plus European Service Fee of €55,550 p.a. x 4 (Group A) = €222,200 p.a.

b) Company Member operating in 2 regions (excluding Europe), with 1.2 million boe/d production.

£30,000 p.a. x 6 (Group B) = £180,000 p.a. with no European Service Fee

c) Associate Member operating globally (including Europe).

£30,000 p.a. x 3 (Group C) x 0.5 = £45,000 p.a.

plus European Service Fee of €55,550 p.a. x 2 (Group C) x 0.5 (Associate multiplier) = €55,550 p.a.

³ Sterling & Euro amounts to be paid into separate accounts.
